WORK & STRESS, 1999, VOL. 13, NO. 4, 366–368

Keyword index

Absence behaviour; Longitudinal study; Job Demands–Job Control model 115
Absenteeism; Turnover intention; Inequity; Organizational commitment 253
Anger; Shooting incidents; Police officers; Critical Incident Stress Debriefing (CISD); Traumatic incident; Coping strategies 144

Burnout; Job stress; Reciprocity; Violence; Job characteristics; Police 326
Burnout; Self-esteem; Conservation of Resources theory; Nurses 74
Burnout; Validity; Covariance structure modelling; Job characteristics 223

Computer simulation; Stress; Performance; Karasek 268
Conscientiousness; Personality; Organizational health 7
Conservation of resources theory; Nurses; Burnout; Self-esteem 74
Contextual factors; Structural equation modelling (SEM); Information technology; Strain 341
Coping behaviour; Work–non-work conflict; Work stress; Employer support 59
Coping; Motor vehicle mechanic; Musculoskeletal symptoms; Psychosocial work environment 193
Coping strategies; Anger; Shooting incidents; Police officers; Critical Incident Stress Debriefing (CISD); Traumatic incident 144
Coping; Stress management; Time management 182
Coping; Subjective health complaints; Musculoskeletal pain; Health symptoms; Demand/control model; Stress 238
Covariance structure modelling; Job characteristics; Burnout; Validity 223
Critical Incident Stress Debriefing (CISD); Traumatic incident; Coping strategies; Anger; Shooting incidents; Police officers 144
Cross-validation; Safety measures; Structural equation model; Occurrence of accidents 49

Decision authority; Demands-control model; Occupational stress; Learning opportunities 20
Demand/control model; Stress; Coping; Subjective health complaints; Musculoskeletal pain; Health symptoms 238
Demands-control model; Occupational stress; Learning opportunities; Decision authority 20

Employer support; Coping behaviour; Work–non-work conflict; Work stress 59
Exploratory/confirmatory factor analysis; Stress; Student nurse 162

General Health Questionnaire (GHQ); Post Traumatic Stress Disorder (PTSD); Vicarious stress; Stress; Police; Policewomen 312

Health; Structural equation modelling; Unemployment; Sense of coherence 204
Health symptoms; Demand/control model; Stress; Coping; Subjective health complaints; Musculoskeletal pain 238

Inequity; Organizational commitment; Absenteeism; Turnover intention 253
Information technology; Strain; Contextual factors; Structural equation modelling (SEM) 341
International study; Job control; Work pressure 32

Job characteristics; Burnout; Validity; Covariance structure modelling 223
Job characteristics; Police; Burnout; Job stress; Reciprocity; Violence 326
Job control; Work pressure; International study 32
Job Demand-Control model; Job Demand-Control-Support model; Job strain; Psychological well-being 87
